Walk a few yards to stunning ocean views, palm trees galore and walk a short two blocks to Swamis Beach and the Golden Lotus enclosure and gardens of the great Saint Paramahansa Yoga's Ashram. Add another few blocks and you are in downtown Encinitas, with all kinds of restaurants and shops, a local bar and historic La Paloma Movie House. I think you will agree after you have been here that this is one of the most beautiful spots in the world.

The House: This historic art deco Egyptian home from the 20's located just two blocks from Sawmi's beach features the large golden wings of Isis over the front windows and other Egyptian plaster relief's. It's a classic. I have a remodeled studio in the front available for healing retreats.

The Studio Room: The studio is separate from the house and has its own front door and exit. The front screen door, hidden from the street has a continual ocean breeze. The room is 12 x 12 with new wooden floors and matching wooden cabinets covering a large 8 x 6 bookcase with desk. It has western facing large picture window with new wooden blinds. The room is complete with a wooden rolling table with stools, a comfortable denim sofa bed, lounging chairs, cable TV & Internet access. Luxury bedding and bath will be provided. It is a very pretty room.

The wet bar area is 7 x 6 also with new white wooden cabinets with dishes and a blue black granite counter top, garbage disposal and filtered water. The room also has a new granite roll cart with drawers that matches the bookcase filled with pots and pans and silverware. It has a magnetic stove and temperature controlled state of the art waterless surgical steel cooking pots.

There is a 5 x 5 1/2 walk in closet with bureaus. The bath is 5x6 1/2 with a shower stall, shower filter and small sink with granite counter top and glass medicine cabinet. The washer and dryer are outside the back door under an ultraviolet protective cover.
